**NCAeeyc extends sincere appreciation to The Raleigh School for hosting this event!**

Since 1952, The Raleigh School has provided children with a nurturing, child-centered school environment. As a community of parents, teachers, and children they are dedicated to creating a model early childhood school using developmentally appropriate practice. Their preschool has been accredited by the National Association for the Education of Young Children since 1988 and was the first institution in Wake County to receive this distinction.
