NCAEYC and Encouraging Connections present:

# *Nurturing the Brain* Risk and Resilience in Early Childhood Train-the-Trainer Retreat

## Train-the-Trainer Retreat for Experienced/Established Professionals in Early Care and Education

*Spaces are limited—Register today for the date/location that's best for you:*

**Sea Trail Resort, Sunset Beach, NC • March 27–28, 2018**  
**Marbles Kids Museum, Raleigh, NC • April 9–10, 2018**

Professional  
Development  
for those who  
provide  
Professional  
Development!

Be a part of this innovative, rejuvenative professional development experience!

- Gain significant skills, knowledge and motivation to effectively embed “Nurturing the Brain” content into your particular role as a trainer, coach, mentor, educator, clinician, faculty member, or advocate.
- Be immersed in NCAEYC’s newly framed DAPA (Developmentally Appropriate Practice for Adults) approach that creates an enhanced, high quality professional development experience—this Train-the-Trainer Retreat is designed for professionals who are **Experienced and Established**
- Gain new resources and strategies for engaging and supporting adult learners through a professional development experience designed specifically for those that provide professional development or technical assistance.
- Build a diverse and impactful network—strengthen multidisciplinary connections with professionals from an array of disciplines who share your commitment to children’s well-being; enhance your understanding of your own field and other disciplines to strengthen the impact of your work in making a difference for children
- Learn and grow with and from other trainers, coaches, mentors, educators and advocates—develop new perspectives and gain deeper insight by connecting in an enriching professional environment with others that work on behalf of young children in diverse disciplines; Strengthen connections in your community and state to have a more intentional impact through shared understanding, commitment and collaboration
- **The Science of Early Brain Development as a Shared Foundation for Our Work Across Disciplines**

**3 training modules will be presented and participants will learn how they can replicate the training for a variety of audiences in their home communities. Participants will receive a NTB Training Toolkit.**

**Module 1:** Early Brain Development and Self-Regulation

**Module 2:** Toxic Stress and Early Brain Development

**Module 3:** Building Resilience through Early Relationships

**Bonus PowerPoint:** Power for Community Advocacy—Long-term Impact of Adverse Childhood Events

Learn more and register at [ncaeyc.org/training](https://ncaeyc.org/training)

This 2-day training opportunity is limited to a small group of participants wishing to provide community leadership, advocacy and training regarding the effects of toxic stress on early development and how to encourage caregiver-child relationships building resilience in young children. **Receive 10 Contact Hour Credits** that reflect an in-depth, content-rich professional development experience. Participants will take home a Nurturing the Brain Training Toolkit including a PowerPoint of each training module and accompanying handouts and resources. **Schedule:** Day One kicks off with check-in at 9:00 am, training from 10:00 am – 5:00 pm, and ends with dinner and evening fellowship. Day Two starts with breakfast at 8:00 am, training at 9:00 AM, and wraps up at 4:00 pm. There are 2 retreat options to select from:
