We hope that each of you and your loved ones are well. Our thoughts and prayers go out to everyone impacted by Hurricane Florence. We continue to hear stories of heartbreaking devastation throughout our state. Children, families and early childhood educators need our support more than ever and NCAEYC is reaching out to our leaders and members to find ways to help.

Our struggle to reschedule NCAEYC's 65th Anniversary Conference pales in comparison to the life-altering circumstances so many are facing; however we are working diligently to create an incredible professional development experience for attendees that impacts their personal and professional well-being and teaching practice. It will be an even more special time to connect and lend our support at a time when many are in need.

Keynote Speaker Dr. Becky Bailey

NCAEYC's celebration of 65 years is made even more special by having **Dr. Becky Bailey as our Keynote Speaker** and as part of a Pre-Conference Day Session! NCAEYC deeply appreciates the great work of Dr. Bailey and her team of Conscious Discipline Certified Instructors. Immerse yourself in Conscious Discipline Sessions throughout the entire conference.

Featured Speaker Michael Bonner

Michael Bonner is back as a featured presenter this year! He is a visionary leader and fellow teacher striving to create a positive mindset among his students while understanding the underappreciated, overworked, underpaid burden of the industry. Mr. Bonner will encourage your "formidable heart and ability to give children an unforgettable experience in your classroom every single day."
