Join Kim Hughes, Loving Guidance™ Associate, to learn about Dr. Becky Bailey's Conscious Discipline program. Discover how Conscious Discipline empowers adults to positively and dramatically impact children's behavior. Conscious Discipline is a comprehensive classroom and home management program as well as a social and emotional curriculum based on current brain research, child development information, and developmentally appropriate practices. We will explore evidence-based strategies that create emotionally/physically safe environments, as well as techniques to remain calm in the moments of chaos. Be transformed, empowered and inspired when you join Kim for this fun, interactive day filled with powerful information and tips to support YOU and the children you care for and educate!
